**Applied Science, Engineering/  
Pre-Engineering, STEM, Technology  
Education, Transportation**

AeroRacers Inc. is a U.S. manufacturer of hands-on, brains-on (STEM) construction projects that really work. We provide classrooms nationwide with high-quality products since 1991.

- We design all our products for classroom use.
- Curriculum and lesson plans available.
- Instructional videos available.
- Safe, no-knife assembly.
- All our products are Made in USA.
- Rubber band-powered airplanes, gliders, cars, dragsters, boats, and submarines.
- Ready-to-build as well as design-your-own kits.
- Kits are available exclusively from us.

- Special pricing for purchasing in bulk.
- Products available for grades K through university.

## **All Electronics Corp.**

14928 Oxnard Street  
Van Nuys, CA 91411  
800-826-5431; Fax 818-781-2653  
www.allelectronics.com  
allcorp@allcorp.com

**Electronics, Robotics, RC Models,  
Technology Education,  
Pre-Engineering/Engineering**

We have a wide variety of new and surplus electronic parts, supplies, components, small DC Motors, battery holders, LEDs, connectors, meters, heat shrink tubing, electronic kits, fuses and fuse holders, clip leads, test leads, proto and breadboards, tools, and many unique, one-of-a-kind items. State and government funded institution POs accepted. Most items ship from stock.

www.eta-i.org; eta@eta-i.org

**Career/Technical/Vo-Ed, Electricity &  
Electronics, Information Technology,  
STEM, Technology Education**

ETA® International represents electronics professionals with industry-recognized certifications accredited by the International Certification Accreditation Council (ICAC). ETA offers over 80 technical certifications in a variety of industries such as: Basic Electronics, Communications, Fiber Optics/Data Cabling, Information Technology and Renewable Energy. Aligning with international standards, industry best practices, and military/business initiatives, ETA certifications connect with career and technical education curriculum. Developed by industry experts, ETA certifications are vendor-neutral third party assessments testing both knowledge and hands-on skills. You can find ETA-certified professionals working for many well-known companies like Motorola, Google, ADT Security, Verizon Communications, Boeing, United States Armed Forces, and more.

**Automotive/Auto Body/Small Engine  
Diesel, Electricity & Electronics**

Do you teach Electronics, Electricity, HVAC, or Automotive Technology? Still using old methods to teach modern technology? Learning electricity can still be easy and fun when you use our software for electricity/electronics instruction. Use the software on all computers and networks at your campus. You may allow students to use the software on home computers if desired. \$229 for unlimited site licenses! Funds short? Funding is often available through Carl Perkins, your media center, or library. Your director can split cost between

several departments using local funds. This software is excellent for retention efforts, individualization, and remediation. Download trial software programs from our website.

ShopBot Tools continues the mission of making digital fabrication tools widely accessible and user-friendly. ShopBot's CNC routers deliver the power, precision, and reliability of tools traditionally costing thousands of dollars more. We also provide unparalleled support for our user community with forums, production support services, and training classes. ShopBot is one of the largest producers of digital fabrication equipment for the small-to-mid sized manufacturing, DIY, and education markets.

**HVAC**

Since 1992, Simutech Systems has been providing computer-based HVACR simulators to secondary and post-secondary schools. Our easy-to-use simulators provide students with realistic "hands-on" HVACR service training and theory-of-operation, which greatly enhances their retention level and interest. Using computerized fault-insertion and on-screen instrumentation, students learn how to properly troubleshoot and repair various HVAC and refrigeration systems. Instructors are provided with numerous reports to help track students' progress. Simutech's simulators help to meet accreditation standards for PAHRA and HVAC Excellence and are ideal study tools for NATE and ICE Certification.

**STEM, Technology Education,  
Career/Technical/Vo-Ed, Machining &  
Metalworking, Books**

Tech Directions offers a wide array of materials in the field of technology, engineering, and career and technical education. Our On-Demand Classroom Projects are written by teachers for teachers. Use these hands-on projects to complement your curriculum—and really get students motivated! Projects are ready to use—simply duplicate and use for as many students as desired. The high-quality activities save you time and help your students really understand the principles of technology and science. We also offer over 70 posters for your classroom. And don't miss the new 10th Edition of *Machinists Ready Reference* and our line of history of technology books.

**Techno CNC Systems, LLC.  
CNC Router Educational Sector**

**CNC/CAM, Career/Technical/Vo-Ed,  
Manufacturing, STEM, Woodworking,  
Metalworking, Plastics**

Techno offers high-speed, affordable industrial-quality CNC routers, plasmas, and laser machines in a wide range of sizes from 12" x 12" to 5' x 10'.

Students learn on full-scale production systems guaranteeing they are well prepared for real-world applications. Ease of use and compatibility with available CAD/CAM software enables educational institutes the flexibility to integrate their CNCs throughout a variety of STEM electives and curriculums, such

as manufacturing, architectural design, prototyping, and pre-engineering.

Every machine is installed and supported by local Techno representatives to ensure a successful startup, and we provide superior technical support FREE for the life of our equipment.
