**Automotive/Auto Body/Small Engine  
Diesel, Electricity & Electronics**

Do you teach Electronics, Electricity, HVAC, or Automotive Technology? Still using old methods to teach modern technology? Learning electricity can still be easy and fun when you use our software for electricity/electronics instruction. Use the software on all computers and networks at your campus. You may allow students to use the software on home computers if desired. \$229 for unlimited site licenses! Funds short? Funding is often available through Carl Perkins, your media center, or library. Your director can split cost between several departments using local funds. This software is excellent for retention efforts, individualization, and remediation. Download trial software programs from our website.

**Not Your Average 3D Printer!**

**Fablicator 3D Printer Systems  
by K&L Services Group**

215 N. 8th St.  
Allentown, PA 18102  
610-349-1358; Fax 610-439-3230  
www.fablicator.com  
sales@fablicator.com

**Engineering/Pre-Engineering, 3D  
Printing, Manufacturing (FabLab),  
STEM, Technology Education**

Fablicator 3D printers are rugged and reliable fused filament additive manufacturing systems, built in the USA and come with a two-year warranty. Each includes a fully integrated Microsoft Windows 10 64-bit Pro computer with all of the software pre-installed and settings established to begin printing right away. All you need to start making parts is to plug in a mouse, keyboard, and monitor and have a 3D model of what you wish to print.

When you install CAD, it becomes a complete 3D printing workstation—capable of designing, slicing, and printing 3D models all on one system without needing a separate computer. A com-

**Subscribe or renew  
today!**

**www.  
techdirections.  
com/sub**

plete 3D printing solution for schools, offices, laboratories, and factories alike. All Fabricators ship completely assembled, tested, and calibrated. Ready to make fast, accurate parts right out of the box.

Certainly not your average 3D printer!

### **Fiber Optic Association**

1119 S. Mission Rd. #355  
Fallbrook, CA 92028

800-956-4056; Fax 814-463-0292  
www.forestscientific.com  
sales@forestscientific.com  
**CNC, CAD, Manufacturing, Welding,  
Machining**

Forest Scientific Corp. manufactures CNC routers, CNC plasma cutters, wood and metal CNC lathes, and CNC milling machines in Pennsylvania and Arizona, U.S.A. We specialize in machines for education and training. We also repair and upgrade older CNC machines, regardless of the original manufacturer, to new Windows-based control systems for a fraction of the cost of their replacement. Extensive on-site training is provided at the time of installation to prepare the instructor to teach with the equipment. We have the best warranty in the market, a three-year on-site, single source, parts and labor warranty to protect your investment.

Career/Technical/Vo-Ed, Machining &  
Metalworking, Books**

Tech Directions offers a wide array of materials in the field of technology, engineering, and career and technical education. Our On-Demand Classroom Projects are written by teachers for teachers. Use these hands-on projects to complement your curriculum—and really get students motivated! Projects are ready to use—simply duplicate and use for as many students as desired. The high-quality activities save you time and help your students really understand the principles of technology and science. We also offer over 70 posters for your classroom. And don't miss the new 10th Edition of *Machinists Ready Reference* and our line of history of technology books.

**Techno CNC Systems, LLC.

**CNC/CAM, Career/Technical/Vo-Ed,  
Manufacturing, STEM, Woodworking,  
Metalworking, Plastics**

Techno offers high-speed, affordable industrial-quality CNC routers, plasmas, and laser machines in a wide range of sizes from 12" x 12" to 5' x 10'.

Students learn on full-scale production systems guaranteeing they are well prepared for real-world applications. Ease of use and compatibility with available CAD/CAM software enables educational institutes the flexibility to integrate their CNCs throughout a variety of STEM electives and curriculums, such

as manufacturing, architectural design, prototyping, and pre-engineering.

Every machine is installed and supported by local Techno representatives to ensure a successful startup, and we provide superior technical support FREE for the life of our equipment.
